

Numbers and Shapes Activities for Tuesday

On the Move

Number Hopscotch

Get familiar with numbers with this outdoor activity.

Materials:

- Sidewalk chalk
- Small pebble or rock

Instructions:

1. Draw a hopscotch pattern on the ground and fill with numbers 1-10.
2. Have your toddler gently toss the pebble, and whatever number they land on instruct them to hop to that number.

Adventures Online

Shape Pop

Have fun learning shapes while you pop the bubbles. Praise your child with specific words while playing the game. "Good job, you popped all the triangles."

Sensory Time

Basket Play

A tisket a tasket, how many are in the basket?

Materials:

- Several baskets
- Assortment of toys (scarves, balls, blocks, cars, dolls, etc.)

Instructions:

1. Place a few toys in each basket.
2. Have your child pour the toys out onto the floor.
3. Model how to count the toys as they put them back into the baskets.

Story Time

The Shape of Things

See how simple shapes come together to form houses, boats, and lots of other things in the world.

Arts and Creativity

Counting Fun

1, 2, 3, come count with me!

Materials:

- Assortment of your child's favorite toys (cars, dolls, action figures, books, crayons, etc.)
- Small cup
- Paper

Instructions:

1. Write down numbers 1-10 on a sheet of paper and place the numbers in the small cup.
2. Turn the cup over and have your child pick a number out of the cup.
3. Once they pick the number, have them count out the items. (If your child picks the number 5, have your child count out five of their toys.)
4. Have your child place the toys back with the other toys and pick another number out of the cup.
5. Continue this game until your child has picked all the numbers out of the cup.
